My child was able to choose from about 3 pieces each time they picked a new piece.	
We like to listen to my child's CDs and online.	
I feel I can talk about things with our teacher.	
My child usually practiced 5 half-hours (or five 40-minutes) a week.	
There were enough detailed instructions on the Practice Plans.	
There was enough communication between parent, student, and teacher.	
My child wants to continue piano lessons.	
I would recommend this studio to other people.
